

# PORTFOLIO WEBSITE

---

Published portfolio website

- <https://fluroash.github.io/src/index.html>

GitHub repository

- <https://github.com/FluroAsh/src>

## TABLE OF CONTENTS

---

1. Purpose
2. Functionality / Features
3. Sitemap
4. Screenshots
5. Target Audience
6. Tech Stack

## PURPOSE

---

The purpose of this website is to showcase my abilities as a developer and serve as the foundation for additional content (mainly blogs, but also developments in my portfolio).

It will also serve as the foundation for future iterations as I learn new skills and look to incorporate them into the sites functionality.

## FUNCTIONALITY & FEATURES

---

The websites functionality and features are predominately centered around navigation and ease of accessibility. The overall goal was to reduce the amount of clicks the user has to make as-well as provide a consistent theme.

*(For Clarity, within the scope of the current websites implementation mobile and tablet media breakpoints operate indistinguishably with some minor differences)*

### Functionality & Features

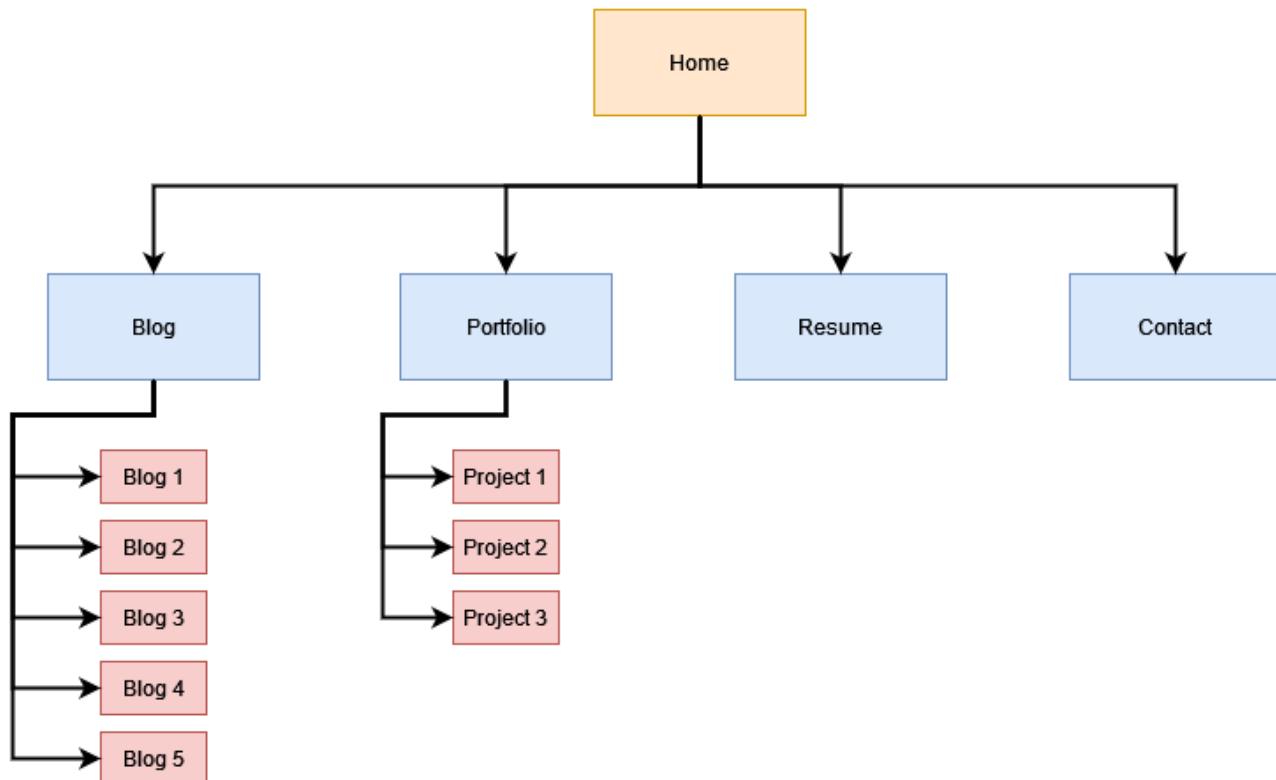

1. Mobile & Laptop Navigation Menu
2. Blog Functionality
  - Image links to individual posts
  - Author and date details
3. Object used to view resume PDF within browser window
  - Mobile button implementation used to download PDF copy to your device
4. Formspree.io API integrated with website contact form

- Contact form forwards details (name, email, subject & message) via formspree API to designated email
- 5. Buttons used throughout to link content to appropriate pages
  - eg. from the landing page to the contact/portfolio page
- 6. External links to respective social media accounts

## SITEMAP

---

The overarching site structure is fairly typical of most portfolio websites. A **landing page** to give the user a brief overview of what they can expect to find, a **blog** with content and further reading should the user be interested, a **portfolio page** to display skills and previous work completed, a **resume page** to give access to a formal copy of work experience and further information and lastly the **contact page** to give the user a method of contact direct to me (the website owner).

(Fig.1 - Site Map)

## Portfolio Page

The screenshot shows a dark-themed portfolio website. At the top left is a three-line menu icon. The main title "PORTFOLIO" is centered above a section titled "MY SKILLS". Below this, a text box lists competency in Python, Javascript, HTML5, CSS3/SASS & UX. A screenshot of a terminal window showing code execution is positioned below the skills section. The next section, "TAROT TERMINAL GAME", describes a Python project for a tarot card API. A small image of a person holding a sticky note labeled "PYTHON" is shown. The final section, "PROJECT 2", contains placeholder Latin text.

**PORTFOLIO**

**MY SKILLS**

Currently my main areas of competency include [Python](#), [Javascript](#), [HTML5](#), [CSS3/SASS](#) & [UX](#), but I'm always exploring new frontiers.

---

**TAROT TERMINAL GAME**

This was my first [Python](#) project as a part of my Codecademy syllabus ([CS101](#)). The program was designed to retrieve data from the RWS tarot card API and utilise class concepts to create an interactive terminal game that will simulate a real fortune telling.

[Resume Page](#)

[RESUME](#)

The image shows a composite view. At the top, there is a graphic of a person standing next to a large, stylized resume icon. Below this, a screenshot of a resume template is displayed on a computer monitor. The resume is for a person named Ashley Thompson. It includes sections for a career objective, key skills & competencies, education & training, and employment history. The resume is presented in a clean, professional layout with blue headings and black text.

**Ashley Thompson**

**CAREER OBJECTIVE**

Having completed a Bachelor of Business (Information Systems) with highly developed customer service skills coupled with a passion for supporting people from all walks of life, I am actively pursuing a challenging full-time career opportunity as an Employment Consultant with various Russo Group in a fast-paced, community-focused environment. I would greatly appreciate the opportunity to develop my skills whilst gaining recruitment skills and experience in a professional, customer-focused team environment. I am confident that you will find me to be a self-motivated, well presented individual with the capacity to conduct individual appointments with jobseekers face to face or using Teams or Zoom, achieve KPI's, organise appropriate interventions and strategies to help job seekers find and maintain employment, deliver high quality, timely, professional recruitment services to jobseekers.

**KEY SKILLS & COMPETENCIES**

- Client Services: Provide quality client service and deliver tasks in order to meet best practice standards and client requirements.
- Communication: Excellent written and verbal communication skills, building relationships with internal and external personnel.
- Administration: Experienced in all aspects of administration management including record keeping, scheduling and budgeting.
- Project Management: Plan and deliver projects to ensure time, cost, quality, safety expectations and requirements are met.
- Operations Management: Manage and optimise business operations across all areas, ensuring profitability objectives are met.
- Resource Management: Prepare accurate estimates of costs, human, physical and financial resources required for projects.
- Stakeholder Management: Develop effective relationships and open communication to ensure stakeholders are well informed.
- Time Management: Well organised and highly efficient, with the ability to manage tasks, schedules and changing priorities.
- Process Development: Drives business innovation with a commitment to developing and improving processes and systems.
- Problem Solving: Undertake objective, critical analysis to draw accurate conclusions that recognise contextual issues.

**EDUCATION & TRAINING**

**Feb 2014 - Jun 2017**      **BACHELOR OF BUSINESS (INFORMATION SYSTEMS)**  
Full-time studies | Swinburne University, Hawthorn

**2017 Subjects:**

- Moral Entrepreneurship and Innovation
- Global Logistics & Supply Chain Management
- Business Analytics
- Business Process Management

**2018 Subjects:**

- Management Decision Making
- Professional Issues in Information Technology
- Business Intelligence and Data Visualization
- Fundamentals of Marketing
- Data Mining
- Stakeholder Management and Analytics
- Information Systems Management
- Business Information Systems Industry Project

**2019 Subjects:**

- Social Networking in Organizations
- Requirements Analysis & Modelling
- Information Systems Risk & Security
- System Acquisition & Implementation Management
- Business Information Systems Analysis
- Information Technology Project Management
- Currents in the Curriculum

**Jan 2013 - Nov 2013**      **VICTORIAN CERTIFICATE OF EDUCATION**  
Berwick Secondary College

**EMPLOYMENT HISTORY**

**Dec 2015 - Current**      **1300 RESUME PTY LTD**  
Berwick, Victoria  
**Customer Service Officer/Administration Officer (Part-Time)**

**Business Profile:**  
1300 RESUME specialises in the provision of professional resumes, cover letters and selection criteria together with career and interview coaching for clients Australia wide from graduates to senior executives.

**Responsibilities:**  
Over the past five years, I have dealt with jobseekers of all ages and from diverse cultural backgrounds across all industries via phone, email and skype to determine their needs, discuss their career goals and gather all required information for their resume, cover letters and other associated documentation such as selection criteria. Furthermore, I utilise my high developed research and analytical skills to gather data and information from clients which enables our Resume Writers to write documents in an accurate manner.

Additionally, I perform general administration tasks such as filing, record keeping, formatting of documents, email management and social media management. In this role, I maintain and update computer databases on a regular basis using MS Access, designing Mail Chimp EDM campaigns using text, images and video on a monthly basis and assist with all social media marketing such as YouTube, Facebook and LinkedIn as required.

**Nov 2016 - Feb 2017**      **AUSTRALIAN AIR-CONDITIONING DISTRIBUTORS**  
Clayton, Victoria  
**Warehouse Assistant/Stockperson (Part-Time/Casual)**

**Business Profile:**  
Australian Air-conditioning Distributors Pty Ltd (AAD) is a new generation of wholesaling that is completely focused on supporting the needs for trades people servicing the heating, ventilation and air-conditioning industry, covering commercial and residential sectors.

**Responsibilities:**  
While employed as a Warehouse Assistant/Stockperson, I performed a wide range of tasks which included unloading of goods and checking them against order forms, cataloguing or labelling items with storage details, place goods in bins and on racks or stack bulky items on floors in an organised manner.

Additionally, I completed orders by selecting goods from shelves and checking them off appropriate lists and entered details of received delivery slips, requisitions and invoices into computers. Using my organisation skills and attention to detail, I counted and recorded the

mailto: or email or other mailing addresses and inform our supervisor regarding any issues.

**Feb 2008 - Dec 2010**      **ALL ABOUT IMAGE**  
Mornington Peninsula, Victoria  
**Administration & Marketing Assistant (Part-Time)**

**Business Profile:**  
All About Image was established in 1995, specializing in the provision of professional marketing, design and printing services to business clients including business cards, flyers, and websites.

**Experience & Skills:**  
In my employment as an Administration & Marketing Assistant, I managed front desk reception, providing friendly and courteous customer service via the telephone and face to face with clients as the first point of contact whilst providing information and ongoing services and packages. Drawing upon my communication and interpersonal skills, I consulted with small to medium business clients throughout the south-eastern suburbs of Victoria to gain a sound understanding of their visual communication requirements and develop designs roughs and briefs which were provided to the Director for follow-up.

I prepared comprehensive layouts of business design using computer graphics programs such as Adobe Photoshop, searched and registered domain names for clients and provide quotations on website hosting. Furthermore, I was prepared designs for print then provided to clients for their own personal branding and promotional materials.

## Contact Page

The screenshot shows a contact page with a dark background. At the top, there's a navigation icon consisting of three horizontal lines. Below it, the word "CONTACT" is written in a large, bold, white font with a teal underline. A decorative illustration featuring two stylized figures, a phone icon, an envelope icon, and a map icon is centered above the contact form. The form itself is titled "CONTACT ME" in white capital letters. It contains four input fields: "Name", "Email", "Subject", and "Message". Below these is a large teal button with the word "SEND" in white capital letters. At the bottom of the page, the email address "workashleythompson@gmail.com" is displayed in white. Below the email are three social media icons: Twitter, GitHub, and LinkedIn. The footer contains the copyright notice "© 2021 Ashley Thompson" and a small circular logo with an upward-pointing arrow.

Laptop/Desktop+

## Landing Page

The screenshot shows a portfolio website for Ashley Thompson. At the top, there is a navigation bar with links: HOME (highlighted in red), BLOG, PORTFOLIO, RESUME, and CONTACT. The background features a blurred image of a large, ornate building at night. In the center, there is a circular profile picture of a young man with short brown hair, wearing a maroon button-down shirt. Above the profile picture, the name "ASHLEY THOMPSON" is displayed in white capital letters. Below the profile picture, a message reads: "Hi! 🤙 My name's Ash. I'm a developer." A small illustration of a person sitting at a desk with a laptop and headphones is positioned below this message. The main content area has a dark gray background. The first section is titled "ABOUT ME" in bold white capital letters. The text describes Ashley's background: "Hey! My name's Ash, I'm a tech orientated person who previously studied a Bachelor of Business (Information Systems) at Swinburne. All throughout my life I've been exposed to technology and business and recently during Melbourne's LONG lock down I made the executive decision to move into tech which is the reason this site exists! 😊". It also mentions her interests: "I'm a gamer in my free time, philosophy/reading enthusiast and love working out (when the gyms aren't closed!!) I'm currently pursuing web development, but am greatly interested in all things Web 3.0, Blockchain as-well as languages such as Python and Javascript. Want to chat? Click below." A teal-colored "CONTACT ME" button is located at the bottom of this section. The second section is titled "MY PORTFOLIO" in bold white capital letters. It includes a small illustration of a person standing next to a computer monitor displaying a landscape image. The text states: "Currently I've mostly worked on projects hosted via Codecademy (not to be confused with CoderAcademy) which you can find on my GitHub or read more by clicking the button below!". A teal-colored "PORTFOLIO" button is located at the bottom of this section.

## ASHLEY THOMPSON

My current tech stack includes:

- HTML
- CSS
- Javascript
- Ruby
- Python
- SQL

The website was deployed using Github pages, as I'm the most familiar with this deployment platform.
